

RESEARCH AT RISK?

By Mark Anderson

Questions relating to climate change loom large: How much is attributable to human activity and how do communities forecast and plan for it? Over the last 30 years or so, Americans have become increasingly polarized on this issue along partisan and ideological lines. Throughout the Seventies and Eighties, climate scientists worldwide came to a consensus that greenhouse gasses produced by burning fossil fuels were the major contributor to global warming, the consequences of which include melting polar ice, more frequent and more severe hurricanes and tornadoes, more

Chairmanship of the Joint Chiefs of Staff, 1949–2016. U.S. Dept. of Defense, Office of the Chairmen of the Joint Chiefs of Staff, Joint History Office. 2016. 391p. illus. ISBN 9780160933219. SuDocs# D5.2:C34/2/2016. GPO Stock# 008-020-01636-5. \$101.

The Chairman of the Joint Chiefs of Staff (JCS) is the nation's highest-ranking military officer, whose primary responsibility is to provide military advice to civilian leadership. This revised fifth edition examines the development of the position as an institution over the last 67 years. It traces the history of the JCS and the evolving role the chair plays in historical perspective. Starting with the first chairman, Omar Nelson Bradley, and continuing to the present day, each man receives a short synopsis of his career as well as a listing of his promotions and assignments prior to his JCS appointment.
