

MEMORANDUM OF UNDERSTANDING

AMONG

DEPARTMENT OF LABOR
DEPARTMENT OF DEFENSE
DEPARTMENT OF VETERANS AFFAIRS
DEPARTMENT OF HOMELAND SECURITY

TRANSITION ASSISTANCE PROGRAM
AND
DISABLED TRANSITION ASSISTANCE PROGRAM

Purpose: The Department of Labor (DOL), Department of Defense (DoD), Department of Veterans Affairs (VA), and the Department of Homeland Security (DHS) enter into this Memorandum of Understanding (MOU) as required by section 1144 (a) (3) of Title 10, United States Code, to carry out the Transition Assistance Program (TAP). This MOU recommits DOL, DoD, and VA, and adds the DHS, to provide TAP Employment Workshops, VA Benefits Briefings and the Disabled Transition Assistance Program (DTAP) for members of the Armed Forces and their spouses who are within 12 months of separation, or within 24 months of retirement. It supersedes and replaces all previous Transition Assistance Program (TAP) MOUs.

Authority: Section 502 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 1991, P.L. 101-510, codified in sections 1141-1143 and 1144-1150 of title 10, United States Code, authorized comprehensive transition assistance benefits and services for separating service members and their spouses and required that TAP Employment Workshops be established and maintained. Section 502 further mandated that DOL, DoD, and VA enter into a detailed agreement regarding this requirement. Section 543 of the NDAA for FY 1995, P.L. 103-337, among other things, amended section 1144 of title 10, United States Code, to include Coast Guard members and their spouses under TAP. Section 302 of the "Veterans Education and Benefits Act of 2001," P.L. 107-103, amended section 1142 of title 10, United States Code, to change the timeline in which separating service members are to commence the transition process. Section 1142 now requires that pre-separation counseling begin as soon as possible during the 12 months prior to separation for separatees who are not retiring and, in the case of members anticipating retirement, that counseling commence as soon as possible during the 24 months prior to retirement.

Background: DOL conducts two and a half (2 ½) day TAP Employment Workshops that provide employment information, training opportunities, and vocational guidance to allow separating service members to make informed career choices. The DoD, VA, and DHS in partnership with DOL, provide a comprehensive mix of veterans' benefits and program information for the service members' use in determining their future career direction. Further, the Employment Workshops provide service members an array of job placement assistance and employment training services to carry out those choices and begin their transition into civilian

employment prior to separation.

VA conducts a half-day (4 hours) VA Benefits Briefing for separating and retiring service members. In addition to the VA Benefits Briefings, VA also provides the DTAP. The DTAP provides information about disability benefits and vocational rehabilitation to: (1) individuals being separated due to a service-connected disability; (2) those who will be medically discharged; and (3) those who suspect they have a service-connected disability.

DTAP will be 2 hours in length, and will provide extensive information regarding VA's Vocational Rehabilitation and Employment Service (VR&E) benefits. All separating and retiring service members who qualify for DTAP should attend the VA Benefits Briefing prior to attending DTAP.

Objectives: The successful transition of veterans into civilian life is a mutual responsibility and concern of the DOL, DoD, VA, and DHS. To this end, these Departments are committed to maintaining a program to furnish counseling, assistance in identifying and obtaining employment and training opportunities, information about veterans' benefits programs, and other related information and services, to separating service members and their spouses.

Scope: The Transition Assistance Program shall be available to active duty members and their spouses within 12 months of separation or 24 months of retirement. On a space-available basis, DoD and DHS will authorize separated service members to attend workshops up to 180 days after their date of separation. If more than 180 days have elapsed since their date of separation, and separatees wish to seek employment assistance and counseling, they will be referred to the local One-Stop Career Center system where they can access an array of services, including those provided by a Disabled Veterans' Outreach Program (DVOP) Specialist or Local Veterans' Employment Representative (LVER). Additionally, the parties to this MOU may discuss and/or agree on other methods to provide transition assistance to service members unable to attend DOL workshops.

Definitions: See Acronyms and Definitions attached.

Responsibilities: Under subsections 1144 (a) and (b) title 10, United States Code, DOL is responsible for establishing and maintaining TAP Employment Workshops, with the cooperation of DoD, DHS, and VA. Accordingly, under this MOU, DOL is responsible for TAP Employment Workshop delivery. The DoD and DHS are responsible for service member participation, to include supporting and marketing the program to military commanders and providing logistical support. The VA is responsible for providing veterans' benefits information, claims assistance, and information that is unique to veterans being separated due to service-connected disabilities or other medical reasons.
